

ISAM 2016

International Symposium on Academic Makerspaces

NOVEMBER 13-16, 2016

Hosted by the Massachusetts Institute of Technology
Cambridge, MA

CALL FOR VIDEOS on Makerspace Best Practices Due 10/18/2016

The 1st International Symposium for Academic Makerspaces is now accepting videos for inclusion in the technical program. We are looking for **exciting** videos that demonstrate how best practices lead to impact on students and create excited and passionate student makers.

Submission guidelines:

- Video must be 7 minutes in length with content focused on best makerspace practice, not an advertisement. Any video deemed an advertisement will not be considered.
- Include a 3-5 second title page listing title, authors, institution, facility, etc.
- Include a 30 second (or less) explanation of space.
- Include 10-20 seconds of credits and/or references of material presented.
- To submit, share a dropbox link to your video with isam2016@mit.edu.

Topics Include:

Culture & Community
Lowering Boundaries to Making
Safety, Regulatory & Legal Issues
Programming
Technology & Equipment
Impact on Entrepreneurship
And More!

Travel stipends are available for qualifying participants. Apply at project-manus.mit.edu/isam-2016-support.
